

Elk Grove Associate Feedback
School: Jessie Baker ES
Associate: Heather Friziellie

Visit 1: 04/20/2017

What was accomplished?

- *PLC overview--3 big ideas, 4 critical questions
- *Connections between current practices and improve practices in alignment with the above
- *Shared and tweaked tools to meet staff needs and increase alignment to PLC practices
- *Mesh current curricular innovation (Unique curriculum) with PLC practices through collaboration
- *Established "loose/tight" list moving forward related to both curricular implementation but also actions aligned to the PLC construct

What are the next steps?

Not sure how to speak to this one. I don't think the staff would benefit from more time/support this school year. However, they could certainly benefit from a September/October "vitamin" to see how true they are staying to the priorities they set.

What homework was assigned?

N/A
